IN ONTARIO

College Sealed

CANANDAIGUA — Ontario County — “mother county” of Western New York—is the dominating factor in the newly adopted seal of the Community College of the Finger Lakes.

College trustees approved the seal recently and it will be included in all official college business. It will be prominent in the first CCFL catalog, due for distribution in March. Dr. Roy I. Satre, president, said.

The college program is sponsored by the county. The seal carries the year 1965, the year the two-year higher education program was instituted by the board of supervisors. The seal resembles that of Ontario County with its Indian background.

Trustees voted last April to have the college seal include the words, “Strength, vision, integrity and humility.”

Trustees unanimously approved the seal on motion of Kenneth W. Whitcomb, Bristol, and John F. Tobin of Canandaigua. The L. G. Balfour Co. of Rochester was the designer.
